

ABSTRACT INFORMATION PAGE

Corresponding author's name: _____

Email address: _____

Mailing address: _____

Note: Abstracts are due 2018-04-06 by email to sas2018@anl.gov

Format of Presentation: (check one) **Oral** **Poster**

Only one oral presentation per corresponding author.

Additional submissions may be posters.

Theme: (check one) **Energy** **Environment** **Health** **Other**

Special Sessions or Initiatives: (check any that apply)

- Biomolecular**
- Energy Storage and Production**
- Renewable Energy**
- Soft-Matter Self-Assembly**
- Polymers, Colloids**
- Material Science**
- Magnetic Materials**
- Catalysis**
- Grazing Incidence**
- Combined Techniques**
- Dynamics, Kinetics, and Time-Resolved**
- Education**
- Modelling and Data Analysis**

SAMPLE ABSTRACT OF SAS 2018: INFORMATION FOR AUTHORS

I.M. Author^a, H.O. Stone^b and Ch. A. Jackson, Jr.^a

^a*Advanced Photon Source, Argonne National Laboratory, Argonne, IL, 60439 USA*

^b*HU Berlin, Institut für Physik, Newtonstraße 15, 12489 Berlin, Germany*

Abstracts are limited in length to one page. Any extra pages will be deleted when creating the Book of Abstracts of the conference. The total width of the abstract must not exceed 16.5 cm (6.5 inches); the height is limited to 23.5 cm (9.2 inches). For A4 paper, the abstract should have 22.5 mm margins on each side and 31 mm margins top and bottom. The complete printed area including title, authors, text, figures and references must fit within these margins. For Word manuscripts, an editable template will be available for download at the conference website. For other manuscripts, the font to be used is Times New Roman 11pt, following the format shown in this template.

The **TITLE** (in **BOLD CAPITAL LETTERS**) is centered at the top of the page. It is followed by the authors' names in bold type with the presenting author listed first. Their affiliation and complete address is in italic type – all centered. Use single spacing throughout the document, but insert a blank line between the title and the authors as well as between the authors' affiliations and the text. No page numbering should appear.

No blank line is required between succeeding paragraphs. References should appear in square brackets [1,2]. Figures must be inserted at the proper position and size in the text. All text in the figure should be

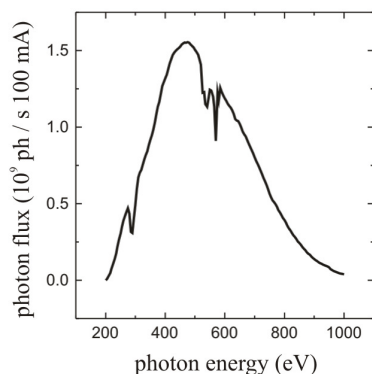

Figure 1: Example of a figure.

readable. All figures should be cited in the text by number (Figure 1, Figure 2). The use of figure captions is encouraged. They should be sufficient to explain the figures without the need to reference the text. Figure captions should be typed using the font Times New Roman 10pt font.

Do not use multiple columns. However, the text may wrap around figures and captions.

At the bottom of the page, following a horizontal line as separator, the name and the e-mail address of the presenting author should be given. The text should be centered. This information will be published in the SAS2018 Conference Abstract Book, which will be available online as a PDF file.

The conference language is English.

In order to avoid printing problems caused by the text format, we require to attach your abstracts in PDF format. Your PDF

may be returned to you to resolve any formatting or font issues. You may also attach the source (Word, LaTeX, Open Office, ...). Please recheck margins before uploading.

Email the PDF file, including the *Abstract Information Page* to: sas2018@anl.gov with the title *Abstract Submission*. Abstracts without the *Abstract Information Page* will not be accepted.

Acknowledgements

This work may have been supported by one or more funding agencies who wish to be acknowledged. Include this section as needed.
