## Statement on Diversity and Inclusion

SAS2018 is committed to a diverse and inclusive conference that fosters collaborative scientific discussion and interchange. In support of this commitment, SAS2018 prohibits discrimination or harassment based on an individual's age, ancestry, citizenship status, color, disability, gender, gender identity, genetic information, marital status, national origin, pregnancy, race, religion, sexual orientation, veteran status, or any other characteristic protected by law.

SAS2018 brings together diverse individuals from many backgrounds and nations. SAS2018's people contribute a wide range of experiences, ways of thinking, and problem-solving styles.
